**Action Taken Report on Feedback by Employers: 2018-19**

The Standard Fireworks Rajaratnam College for Women, Sivakasi, always seeks support and feedback from the Employers who employ our graduates in their organization so as to maintain the required standards of education. The following table gives the suggestions given by the Employers and the Action Taken for the redressal of the feedback.
Feedback by Employers	Action Taken
Computer Science	
o There should be focus on latest technologies and how to adapt to new technology versions released. Constant Project Work and Hands on Coding with best practices should be the focus at all times.	Introduced Python Programming Lab and Angular Framework Lab in the UG curriculum. Effective Hands on training is provided for all the practical courses. Project Work is carried out by the final year students
Tamil	
o Epigraphy, Journalism and Papyrology can be introduced	'Makkal Thagaval Thodarbiyal' is being offered in the UG Curriculum & 'Odagaviyal' [Journalism] is offered in PG Curriculum Diploma in Thol Aavanangal offers Courses – 'Kalvettiyal' & 'Suvadiyal' in the first and second semester. [Epigraphy & Papyrology]
Commerce	
o Giving practical training to the students to calculate Income Tax liability, file IT Returns and file GST Returns to survive in the employment market.	Practical training in IT is being given in the Discipline Specific Course – 'Practical Commerce' & training in filing GST returns is given in the Job Oriented Course 'GST Online Compliance'

Action Taken Report on Feedback by Employers: 2017-18

The institution collects the feedback on curriculum aspects and the performance of our students during their career from the Employers every year. Employers always appreciate the curriculum being followed in the institution as the need based and regional based. Suggestions given by the Employer and the Action taken by the respective departments are given below.

Feedback by Employers	Action Taken
Computer Science	
o Mini-projects can be introduced each semester for Computer Science Students	Internship / On-the Job Training will be introduced during the Syllabus Revision for UG students to gain real time exposure of software development
Commerce	
o Practical Course can be introduced to train the Commerce students to fill various forms used in day-to-day business activities.	Practical knowledge for day to day business affairs is being imparted through the Discipline Specific Course – 'Practical Commerce'

Action Taken Report on Feedback by Employers: 2016-17

Feedback from Employers always contributes for attaining the goals of the organization by enabling the institution to design the curriculum on par the requirements of the present Job Market. Employers are highly satisfied with the career based and knowledge oriented curriculum being followed in the college and the performance of our students in their business unit. The feedback by the Employer and the Action taken by the respective departments is given below.

Feedback by Employers	Action Taken
Commerce	
o Commerce Students can undergo 15 Hours On the Job Training each semester to get practical exposure GST, Income Tax, Accounting and MIS Reporting	Will be represented to CDDC
Computer Science	
o We suggest strong problem-solving skills to be a key focus area for Computer Science students to analyze a larger problem, break it into modules and systematically work on them.	Imparting Problem Solving skills to the students through the practical courses is a continuous process throughout the period of the Programme.

Action Taken Report on Feedback by Employers: 2015-16

Feedback from Employers enables the institution to identify the expectations of the Job Market and equip the students in the required arena. Employers highly appreciated the curriculum being followed in the college and the performance of our students in their organization. The feedback by the Employer and the Action taken by the respective departments is given below.

Feedback by Employers	Action Taken
Commerce	
o Commerce Students have to do project individually to improve their working knowledge and presentation skills.	Only the UG students undergoing the Project in Computer Applications are given the choice to do projects with a companion.
Computer Applications	
o Advanced Programming can be introduced	Updated Programming Languages are introduced during every Syllabus Revision.
Tamil	
o பேச்சுக்கலை can be introduced	Suggestion will be considered during the next Syllabus Revision
