REPORT

The Department of Business Administration & Department of Information Technology, S.F.R.College for Women, Sivakasi jointly organized One Day Workshop on 'Creativity Instilling Entrepreneur & Online Applications' in our campus on 19.02.2020 from 9.30 am to 03.30 pm. Mrs. P.Karthika @ Nanthini, Assistant Professor, Department of Business Administration welcomed the gathering. Mrs.G.Abirami, Proprietor, Abi Creations, Virudhunagar gave a lecture on the topic, "Opportunities to Start a Business". During her speech, she gave ideas to start a business related to business concept, marketplace selection and financial section.

Next the session was handled by Mrs.R.Vasanthi, Assistant Professor, Department of Computer Science, S.F.R.College for Women, Sivakasi on the topic, "Online Applications". In her speech, she told Web applications include blogs, online shopping, search engines, etc. and can be simple consisting of only static web pages or they can be dynamic and interactive. 95 students who have actively been involved in this programme are benefited. Dr.Ms.J.Prateeba Devi, Assistant Professor, Department of Business Administration proposed the vote of thanks.

About the college

The Standard Fireworks Rajaratnam College for Women was established in 1968. In memory of the late professor Thiru M.R. Rajaratnam, whose pioneering spirit in business and industry, served for himself an excellent role in the growth of Sivakasi. The institution started out in progression for the quest of higher education and intellectual enrichment of rural women in and around Sivakasi by pioneering the "The Standard Fireworks Educational Charities Trust" whose aim was to liberate the rural women from their social, economic and cultural constraints by intelligently equipping them to confront the challenges of modern life.

About the Department

Microbiology is one of the most relevant, dynamic and exciting disciplines in the biological sciences. Department of Microbiology was established in the year 2007, now we are in the Decadalennial year. The department has registered a steady growth, right from its inception. Our department's mission is to train undergraduate, post graduate students, for career in Microbiology - through excellence in teaching, getting research projects and publish articles in reputed journals. One of our main goals is to prepare students for leadership roles in Microbiology in Industries, Government agencies, University teaching, Health-related fields, Environmental organization and improving Entrepreneurial skills.

Fac. Theme

The theme of the workshop is to integrate the efforts and offer experience of students in the field of 3D Printing technology. 3D printing makes an improvement to scientific technology using Engineering methods (STEM) education of our students, develop entrepreneurial skill for face challenges, upgrade them and apply latest innovations for the benefits of society, economy, and sciences. This will help the students from various colleges to apply this novel technology in different fields of Advance Science.

Technical session
