**ABSTRACT**

This project under the title "SOLVING PROBLEMS USING C AND C++" is in the field of Computer languages. The main aim of our project is to extend the field of mathematics to the field of computer science by creating programs to solve mathematical problems. The objective of our project is to construct C and C++ programs to solve various problems. Chapter I deals with a brief introduction to C and C++. Chapter II deals with solving any 9x9 Sudoku problem. Chapter III consists of a program to prepare electrical bills. Chapter IV includes programs to construct Pascal's triangle and Floyd's triangle.

Title of the Project : STUDENT LEAVE APP

**ABSTRACT**

Now the world is moving towards digitization, we need to travel along with the current scenario and we need to be updated about the new software and the operating system. Now, the computer world is focusing more on Android and an Android App is very easy to handle even by an illiterate.

The project entitled "Student Leave App" can be used for students in both schools and colleges to apply leave digitally to their respective tutor/mentor and can receive notifications when their leave is approved or rejected. The students can login with their unique roll number, fill in the leave form and apply leave to their tutor/mentor. Students can also view their profile which includes total number of leave taken and total number of leave remaining.

The submitted form can be viewed by the admin and the admin can decide whether to approve or reject the leave accordingly. This app provides scope to intimate the parents in the form of SMS.

**TITLE: A STUDY ON CUSTOMER SATISFACTION TOWARDS SUNRISE IN  
SIVAKASI**

**ABSTRACT**

**Introduction**

This study is concerned with the Customer's satisfaction towards sunrise in sivakasi and also tells about the respondents buying behavior, overall satisfaction; identify their needs and future expectation in the sunrise coffee.

**Objectives of the study**

- To study the customer opinion towards sunrise.
- To know the customer purchasing behavior towards sunrise.
- To study the factors which influence customer to buy sunrise.
- To study post purchasing behavior of the respondent.

**Methodology**

This study is descriptive as well as analytical. Both Primary and secondary data have been collected. Size of the Sample was 50. Convenient sampling Technique was used to select samples. Primary data have been collected using well structured questionnaire. Collected data were edited and analyzed using the following statistical tools like Percentage, Ranking Technique and Weighted Average.

**Chapterisation**

- Chapter I - "Introduction and Design of the Study"
- Chapter II - "Nestle sunrise -An Overview"
- Chapter III - "Demographic Profile"
- Chapter IV - "Analysis of customer satisfaction towards sunrise in sivakasi"
- Chapter IV - "Summary of Findings, Suggestions and Conclusion"

**Suggestions:**

On the basis of the findings the researcher put forth the following suggestions

- The company can provide cash discount to its customers, so that they can increase their purchase.
- The company must improve their advertisement in magazine.
- As a quality is the first influencing factor, company has to focus on quality and improve it for better sales.

ABSTRACT

In my project, I have specially designed for all young girls. "If a girl likes zebra prints, she knows how to live life to the fullest". Zebras have a unique feature in its body i.e., its uneven stripes. Hence I had chosen Zebra as my inspiration. Here I have used zebra stripes of different colour combinations. Red, black, ice yellow, ice blue, green, silver, brown, magenta are those winter colours I have used. CHIZIQ DECORA showcases zebra stripes in the form of draping, VOLO STREEP is inspired from zebra's hair bristles and so the garment is sheared for exposing the effect. PEDESTRIAN STRIBE is designed to indicate the zebra crossing on the road. ALAUDDIN DHUTI is inspired from the character of Alauddin and a long coat and dhoti pant styles are adopted. WILD COCKTAIL is a long prom maxi with a ball gown effect. Hence the garments, makeover, and accessories goes well, hence gives a wild and smart look when worn. Fabrics I have used are crepe, design net, spandex, net, knit and synthetic. It is a party wear for winter season and suits people of age between 19 - 24.

**Certificate from Supervisor**

This is to certify that **Ms. Shakti Chandravadhana**, a student of M.Sc. program at The Standard Fireworks Rajaratnam College for Women (Autonomous), Sivakasi has spent a month during the summer of 2016 (June 1, 2016 to June 30, 2016) at the Centre for Biotechnology, Kalasalingam University. Shakti is a studious student who learned many new techniques in a short period of time. Initially she was trained in basic bioinformatics skills including tools like Autodock that can be used to study the interaction of a protein with small molecules. Later, she was trained in biological synthesis of nanoparticles and their characterization using Scanning Electron Microscopy with EDX, XRD and FTIR.

Shakti is an energetic student who is eager to learn. She was independent and could also work as part of a team. I am sure wherever she goes she will succeed in life.

I wish her all success.

**Signature of the supervisor:**
